

Welcome to the WEG Partner Portal!

Thank you for joining the WEG Automation community via our collaboration portal WEGConnect.net!

WEGConnect is intended to provide you fast access to important information about WEG processes, policies, procedures, and products. Following is a brief overview of the portal for your reference

Home:

Provides access to WEG News items, company specific information, and access to any requests you have submitted via WEGConnect.

Document Library:

Access all documents available for your use. Utilize this page to upload documents to be shared with WEG personnel as well.

Product Info:

This menu option consolidates multiple WEG product information resources. Be sure to check out the 'WEG Automation Resource Guide' included in this list.

WEG Sites:

Utilize this menu option for quick access to popular WEG websites including our e-commerce platform WEG Easy.

New Requests:

WEGConnect includes easy-to-use forms that you can use to process common requests requiring assistance and support from WEG. Check the status of most of these requests via the 'Your Requests' area on the WEGConnect Home page.

News:

Access all the latest WEG Automation Product and Company news.

Training & Events:

This menu option provides you the ability to register for WEG Automation Training and other Events when available. It will also provide access to our soon to be released e-Learning platform.

Help:

The 'Help' menu option provides you the ability to submit support requests, modify your user profile, and update your password.

Please feel free to provide any feedback or request assistance with use of the portal via our support page at <https://wegconnect.net/contact-us/>.

Best regards,

WEGConnect Administrator
